The Commissioners have in the above report of Rail Road Avenue assessments that the damages exceed the benefits by the sum of $13,300.00, and are of opinion that such the property holders or the city would be benefited sufficiently by the opening of such street or avenue to justify the payment of such damages. The Commissioners are of opinion however that a street, of a width running due north from Plum Street to Vanport should would be a very great benefit to the city and the public generally.

All of which is respectfully submitted.

To the Honorable the Mayor and Common Council of the City of Crawfordsville:

The undersigned School Trustees for said City would respectfully report to your Honorable Body that the School Buildings now in use are almost wholly unsatisfactory for the present wants of our Public Schools. The present building is old and in a dilapidated condition, badly ventilated and generally poorly adapted to school purposes. The rooms are small; some of them having only a capacity for seating comfortably about forty pupils in the room. Your Trustees have often been compelled to exceed the law. As many as sixty and seventy-five pupils, who could be accommodated only with standing places, and in such cases many more were necessitated to sit upon the floor. These pupils then, expanded all the room space available for class instruction; and as space was necessary for heating and the teacher, and disturbance to the schools was required to gain way for those about to sit. In the primary rooms of the present building, with a seating capacity of twenty-five of these pupils, at times crowded from thirty to forty between the years age of one and twelve years. Your Trustees would further report that although the rooms of the present building are somewhat larger they are equally unsatisfactory for accommodation of the number of pupils which it has been found necessary to place in them. None of the rooms have a sitting capacity of about forty pupils, yet, on many occasions, compelled to exceed the law. Many of the rooms have a sitting capacity of about forty pupils.
The Board of School Trustees of the City of Crawfordsville, have the 13th day of March, 1871, filed in the office of the City Clerk, a report under oath of the estimated cost of a school building for the City of Crawfordsville, together with a petition that the same necessary to complete said building be amended to them:

An Ordinance authorizing the issuing of the Bonds of the City of Crawfordsville, to the amount of thirty thousand dollars for the erection of a school building in said City.

Monday Evening
March 5, 1871

The council met, President Smith in the chair, Councilman Vanarsdale, Epperson, and Wallace.

The minutes of the preceding meeting were read and on motion adopted.

The following proposition was presented and made to the Common Council of the City of Hammond, Indiana:

The undersigned, referring to the recent action of your Honorable body, relative to the extension of plasma street north of Meade Avenue in said city, desire that the property of Mr. D. E. Elston, west of his residence, be leased to offer the following proposition.

Propositions.

I. We propose to convey and assure to the city for the public use, by proper deed, the piece of land situate in said city, and described as follows:

A piece of land beginning at a point on the south side of plasma street, at the angle with the Louisville, New Albany, Chicago railroad, and seventy feet west of the railroad, thence as the same is at present located, and running thence southeasterly, the described distance being a right of way for a piece eighty feet from the said railroad; thence southeasterly parallel with the west line of George Brown's property three hundred and eighty feet in length and sixty feet in width, to Meade Avenue, to make it accepted, are twenty feet east in width at its starting point, eighty feet in width at its point of departure from the railroad and from that to its terminus sixty yards for which the concessions will be executed respectively by Mr. D. E. Elston and S. E. Wallace.

II. We further propose that said land shall be graded at the cost of the present owners and by them made ready for grant; the city authorities to establish the grade.

This we will do upon the following conditions.

I. That the city will accept the land, graded as agreed upon, for the use of the public to the amount of said proposed extension of plasma street as would lie upon and be used through the property of Mr. D. E. Elston, west of Meade Avenue and east of his residence, and by such acceptance, obligate itself not to hay out or open any street or alley through this said property, of said Mr. D. E. Elston, unless the or his heirs or assigns shall consent.

II. That the city will at its earliest convenience, grant the scheme hereby proposed and pass in said council as may be found essential.

III. That if the said obligation of the city, which is the consideration of this proposition, be violated hereafter, then the land so conveyed shall revert to this respective grantor, their heirs or assigns, and the city pays to said grantor, or their heirs or assigns, the full amount of the cost of grading and dovecote.

The proposition should be approved by your honorable body. It is respectfully suggested that you appoint a committee to carry the arrangement into effect as soon as practical; conferring upon the committee, by resolution, full authority to sign all necessary papers and accept delivery of the proposed concessions.

To the Council of the City of Evansville

A petition presented at the last meeting of the Council asking for the locating and opening of Rine Street from Sike to Wernow St. contained my name among the petitioners. Through a misunderstanding, as to the locality and extent of said proposed street, I become a signor to the petition, and I now ask you that my name be erased therefrom. I consider the extension of Wernow Street with a grade would be unsuitable for at this time and accommodate for less interests than the proposed avenue along the S.E. of the river and more directly petition your honorable body to take steps to open a more direct communication to the south-east part of the city.

Very Respectfully Yours

W. B. Beckhardt.

The Clerk presented the report of the Commissioners advising damages and benefits by the opening of Wernow and Jeffersome streets and Malashinsky.

On motion the report was laid on the table until Monday evening May 31st.

The following account were allowed under a suspension of the rules:

- John F. Johnson $42.42 for俄国ising gate and alley crossing between Wernow and S. E. St.
- John N. Boyle $48.50 for four Action Reps.

On motion the Council adjourned to meet May 31st 1871.

The Report of the Commissioners on the opening of Jefferson Street was in order taken up. The report is as follows:

To the Honorable, the Mayor and Common Council of the City of Crawfordville,

We, the undersigned Commissioners of the City of Crawfordville duly elected and qualified to appraise damages and assess benefits according to the owners of any lands or lots through which any street is proposed to be constructed or altered or any building therein appropriated, do respectfully report that on the third day of May, 1871, in pursuance to a motion to direct the Board of said City to enter upon and examine the lands and lots lying along and adjacent to the portion of Jefferson Street in said City described in said motion, it appeared to be essential to the corporate body of said City by your Honorable Body— and now and hereinafter as appraisers of the value of lands and lots to be appropriated by said City— and now and hereinafter as appraisers of the damages and benefits accruing to the owners of lands and lots lying along and adjoining said street, that said improvement should be
made all of which is fully set forth in a schedule hereto annexed and made a part of
this report, with the amount in dollars and cents of the value of lands and lots appropriated and
the damages and benefits accruing to the persons named and what part thereof ought to be paid by the
City, each under its respective head, set opposite the names of the owners of said lands or lots.

The report of the City Engineer of the survey of said Jefferson Street made by him is also
attached and made a part of this report.

All of which is respectfully submitted.

The report of the Commissioners on the matter vacationed. The report is as follows.

To the Honorable, the Mayor and Common Council of the City of Philadelphia:

We, the undersigned Commissioners of the city of Philadelphia, duly elected and qualified, do approve the assessment of damages and assess damages accruing to the owners of lands and lots through which any street is proposed to be constructed or altered by any building thereon, appropriated. We would respectfully report that on the 2nd day
of May 1871, in pursuance of a notice to us directed by the Council of said City, we intend upon and examined the lands and lots lying along and adjoining the street of New York in said City, according in said notice and through which said New York street is proposed to be extended by your honorable body and that we have made an assessment of the value of lands and lots to be appropriated in making said improvement, and of the damages and benefits accruing to the owners of lands and lots lying along and adjoining said street, in accordance with the amount of said street and lots to be appropriated and of the damages and benefits accruing to the owners thereof, made a part of this report, with the amount in dollars and cents, of the value of lands and lots, appropriated and of the damages and benefits accruing to the owners thereof, made under its respective heads, and opposite the names of the owner of such lands or lots appropriated, damaged or benefited by means of such assessment.

The amount of damages accruing to the lands and lots and the owners thereof, made and adjoining said street, exceeds the amount of benefits assessed, to the amount of $218.60, which we are unable to find individual or city benefit to cover, and we leave the matter for your honorable body to settle upon due consideration of the circumstances surrounding it.

For a full and complete description of the lands and lots appropriated, damaged or benefited by reason of the extension of said street, you are hereby referred to the report of the City Engineer of the survey of said street made by him, which said report is herewith attached and made part of this report.

All of which is respectfully submitted.

Sign: B. W. MacVay, Esq., Councilman.

Monday Evening, August 28th, 1831

The Council met. Present: His Honor Mayor Elliott, Councilmen Cumberland, Wood, Townsend, Bryant and Dripps.

The minutes of the preceding meeting were read and conformed to. The committee on public improvements made the following report, which was on motion, adopted:

To the Mayor and Common Council of the City of Bradfordville,

No majority of the committee on Public Improvements do submit the petition of certain citizens praying for the widening and extending of Washington street to Bloom Street, with report adverse to the prayer of the petitioners for the following reasons:

First: With the public convenience so necessarily require the extending or widening, and the extension of Washington street must never meet Bloom street as Bloom does not run so far east as to intersect the proposed extension.

Second: The damages in our estimation would be great and the benefits to be assessed would be small.

Third: We do not believe that some of the petitioners know how the proposed work would affect them, and we know that some of the petitioners are not directly interested in the matter.

The committee on accounts reported favorably on the account of J. M. Waggoner for building services. Adopted.

The motion to account the balance due of both actions for services as discussed was denied.

The following petition was presented and referred to the committee on public improvements:

The undersigned members of the Braves baggage company of Bradfordville, and citizens, respectfully, represent to your honorable body, that the said baggage company have agreed and paid a building sufficient to withstand and contain the baggage and apparatus and property; that the said baggage company were requested to repair the same, and cannot be repaired at any amount. Whereupon we pray your honorable body to build a house for the purpose on the lot owned by the said baggage company on the west side of the first commercial street on Bloom Street.

The following memorial was presented:

To the Honorable City Council of the City of Crawfordsville,

We, the undersigned, have learned with some surprise and regret, that an assessment has been made upon Wabash College for certain street improvements upon Wabash Avenue, and respectfully memorialize your honorable body to ask you to remove said assessment and to exempt said College from taxation as by our Charter we are exempted from taxation for State and County purposes.

This memorial we ask for the following considerations:

First. The College was established by funds gratuitously contributed for the religious and intellectual improvement of the people as nearly as any of the Churches of our City.

Second. The Corporation is not a religious body, but in that we have no endowments accessible to it or any of its members. Not only so, but owing to gratuitous endowments it is unable to offer instruction for a much less sum to all and to others for a charge than its actual cost.

Third, It is in no sense a joint stock company, but from the beginning it has depended upon the generosity of the Trustees of Christian Education at Home, and abroad to furnish the means by which to commence its operations and to carry them forward to the present time.

Fourth. Such is the nature of the Corporation, and character of the Institution, that it brings most peculiar advantages to the City and gives it a reputation of great value, not to be estimated by dollars and cents.

Fifth. The very grounds on which the assessment is made are daily used by citizens of your city and their children as a Park, contributing largely to their health and pleasure.

Sixth. The State University, sustained by an annual tax upon all the citizens of the State, is not itself taxed for church, state or Municipal purposes.

Therefore, we cannot believe that the Legislature who granted us so liberal a
charter, intended that any municipally legislated, should subject the College to taxation of any kind.

Heights. No words respectfully ask of action of the Council, excepting the College from taxation would not reflect honor upon your honorable body in the estimation of our constituency which the honorable council as we have been informed, have accepted and with the church in the city from similar assessments.

This is our purpose to have also accepted the College from a similar assessment.

In view of the above considerations, no respectfully ask the above mentioned exemptions, and as in duty bound, will ever oppose,

On behalf of the Faculty and Preparatory Committee of Yankal College,

Joseph F. Tipton

E. O. Henry Clerk

The City Surveyor made the following reports:

Cranfordsville, Inc.

Oct. 9th, 1871

The undersigned would respectfully report that he has examined the street improvement on the east side of College Street between the tracks of the S. & A. R. R.
The undersigned would also report that he has examined the extent of the graveling on College Street from Market to Blund Street, at a point 110 feet west of Blund Street, and found that the graveling was done according to the specifications in all respects.

Signed: S. Campbell, City Engineer

As stated in the report, the assessment ordered to be made against the owners of property adjoinidng the improvements mentioned in said report.

The special committee on the street from Vermay to College made the following report:

To the Common Council, of Grand Rapids, etc.

The undersigned committee to whom was referred the proposition of Mr. Walrave and Mr. Elston, (situated next to Mr. W. B. Elston) for the opening and graveling along the E. & W. side of the railroad, respectfully report that they have, from the best information and experience, that the street is of importance and has great importance.

The extension of Blum Street north of Malaba Avenue: that the acceptance of said proposition will greatly benefit the city, as the nearest line from the business section of the city to the rail road junction; it is in contemplation, as your committee are informed to build a Union Depot, and that the plans of economy as thoroughfare like the proposed avenue will be more advantageous to the city than the extension of Blum Street.

Therefore your committee recommends the acceptance of said proposition of said Walrave and Elston, upon the following conditions:

1. That the city at its cost propose the proposed avenue for graveling and that said Walrave and Elston, at their own cost, do the graveling according to the customary specifications in said work in this city, that is to say, the gravel to be put on 10 feet wide, 6 inches of gravel and 8 inches of ashes.

2. That the city, after agreement, accept the proposed avenue in hands and agree with the city for the extension of Blum Street through the Elston property from Malaba Avenue to Blum Street, and that Blum Street after such acceptance of said avenue shall never be opened by the city through the said property from Malaba Avenue to Vermay Street; and the said Blum Street should be so opened and extended by any succeeding council, that the same is appropriated to the use of the city for the purpose under consideration, while thereafter revert back to its original owners.

The Council met, Present: Mayor Eteso, Councilmen Troie, Cumberland, Varasdel, Briquet, Sipperson, and Dufart. The minutes of the preceding meeting were read and an adjournment adopted.

The following resolution was presented and on motion referred to the Committee on petitions:

To the Honorable the Mayor and Common Council of the City of Bonaire—

Whereas, a certain proposition has heretofore been submitted to your Honorable Body requesting your Honorable Body to abandon the proposed opening of Bonaire Street from Allen's to Vermillion, and proposing in consideration of said abandonment that certain land-owners will donate to the city the ground for a so called Avenue, beginning at the intersection of Vermillion at the back of the railroad and running along the road line of said railway to the premises occupied by George Brown's property, and then north to Mahan Avenue, and said grant to be made at this rate, and after the city shall have paid the grants, and whereas the majority of the Committee to whom the said proposition was by your Honorable Body referred, have reported favorably to the acceptance of said proposition, therefore for the undersigned citizens and tax-payers of the City of Bonaire it is hereby to call your attention to the following facts:

I. That the City of Bonaire is a corporation, and as such is empowered by law to enter into, and to contract with, and that like any other corporate body it has the power to bind itself to perform any or to perform certain acts within the scope of its authority.

II. That the Common Council as at present constituted, have the power by making contracts in the name of the city to limit the powers of any succeeding Council.

III. That the members of any council which may succeed to the rights, powers and duties of your Honorable Board would have no more power to open Bonaire Street between Mahan Avenue and Brown's street than the proposition referred to be accepted, as recommended by your said Committee, than they have the right, powers and authority of law to bind and obligate the payment of any bonds or the issuance of any bonds issued by order of your Honorable Board, or should your Honorable Board accept said proposition as recommended by your said Committee, your will repeal the sections of Bonaire north of Mahan Avenue forever out of the powers of the present or any succeeding Board of Councilmen.

IV. The property which now exists at a short and direct street east of Water Street.

V. The great expense which will be incurred in preparing the proposed Avenue for the street, and the apparent uselessness of such an Avenue, same if completed on account of its direction and dangerous nearness to the railroad.

VI. The precedent established by the acceptance of said proposition will tend greatly to extend the powers and consequent jurisdiction of the city inasmuch as if the proposition referred to is accepted, you will be bound in honor and fair dealing to entertain and accept similar propositions from other owners of large tracts of land within the corporate limits of the city.

VII. The indisputable and undeniable fact that you, as Councilmen, have no right to favor one citizen over another that you cannot consistently with your obligations as such Councilman, under duties through the premises of one citizen, and divert the same from its proper, natural and necessary uses in order to avoid the premises of another, would extend favor to another individual.

And in consideration of the above mentioned facts, among others, the undersigned petition and recommend against the acceptance of the above proposition by your Honorable Board.

The Chief Engineer of the Fire department made the following report:

To the Mayor and Common Council of the City of Braintree:

The undersigned has examined the estimate submitted for the City during the past summer by John Sullivan and has reported that all the estimates submitted by said Sullivan (with the exception of those at the crossing of West and Liberty and Main and College streets which are yet unsettled) are practically worthless. All of them being costly. The one located east of S. A. D. & R. R. hotel at West and Liberty being of Louis Boots, at the rate of $500.

The undersigned respectfully suggest that a necessity exists for the immediate repair of the said estimate and that such steps be taken by open tenderable body as will compel the contractor to complete his work in such a manner that if occasions require the use of the estimate, the fire department may not be left at the expense of said contract.

The following report was presented by William Bridge, Chief Engineer:

To the Hon. Mayor and Com. Council of the City of Braintree:

The undersigned respectfully reports to open this body that several bids have been made for Channing house - that by and with the advice and consent of the estimate committee bids for $500,000 have been accepted. And would also report that negotiations are now pending with other parties which will probably dispose of all that may have to offer at satisfactory prices.

The Council met, pursuant to the honor Mayor, Ald. Cocking, Lieutenant, Etc., Vanarsdale Bryant and Epperson.

The minutes of the preceding meeting were read, and on motion adopted.

The Board of Public Improvements made the following reports:

Omnifordale, May 6th, 1873.

To the Honorable the Mayor and Common Council of the City of Barfordsville.

This committee on Public Improvements, to whom was referred the petition of James Ashley, Mr. S. D. Tray and others to have the obstruction on the north side of Market Street between Major and West streets removed, also the petition from Thomas Frances and W. Bills and James and others to have the same amended, premises recited, have had the same under consideration and respectfully report that in their judgment, they consider the duty of the Council plainly defined by law to the ease of obstruction and that they do not approve of the present state of any of the streets of the City or any part thereof and would recommend for adoption the following:

Resolved, That the street commissioners be and hereby ordered to immediately notify Thomas Frances and W. Bills and James to remove the obstruction in front of their property on the north side of Market Street within ninety days from the date of this action and on not neglecting or refusing so to do, then the Street Commissioner shall remove said obstruction at the cost of said property, unless all of which is respectfully submitted.

Signed: R. E. Bryant

The motion the report was consummated and the resolution adopted, these who voted in the affirmative are: R. A. Poole, E. A. Poole, L. C. Bryant, Vanarsdale Bryant and Epperson, A. H. Jones and C. H. Smith. The resolution was declared adopted.

The committee on accounts made the following report:

To the Mayor and Common Council of the City of Barfordsville, the Committee to whom was referred the annual report of the Street Commissions has the honor to state that in have examined the same and find a balance due the Board of $2,871.75 after deducting $7,000 for persons who have not worked to labor.

This has been a misapprehension herebefore in regard to the liability of persons to whom are璞, removed, aged or diseased. The Street Commissions has caused such persons from labor from not fully understanding the law, which says that application must be made to the Township committee, who is authorized to excuse all parties who can show that they are not only unable to work but also unable to pay.

We suggest that in future the Street Commissioners be held liable for that class of persons who have not been excused according to law.

City Bond No. 3.

Balances in Fees

Crawfordsville May 9, 1878.

The Chief Enquirer of the Fire Department made the following report:

To the Mayor and Common Council of the City of Crawfordsville:

The undersigned would report to your Honorable Body that the Fire Department of said city is in good condition and has during the past year displayed its usual skill and energy in the suppression of fires. Our city has been singularly fortunate in the small number of fires and alarms which have called out the department during the past year.

The following is a list of the fires and alarms of the past year:

The undersigned would respectfully recommend the construction of cisterns as follows:

- One on South, west of College Street
- One in Hughes Addition, east of South Street
- One in West Side Addition
- One in Washington Street near Centre Church
- One on Main Street near the residence of James T. Marks

All of which is respectfully submitted.

Crawfordville
May 10, 1878

W. H. Ashley
Chief of Fire Department

On motion the report was received and the consideration of the recommendation was laid over until the next regular meeting.

The Chief Enquirer also submitted the following report which was read:

In the name of the Mayor and Common Council of the City of Crawfordsville:

In compliance with the order passed by your body on the 23d instant, I proceeded to make the necessary repairs on the public cisterns, which Mr. Sullivan and myself and the members of the Council and agreed to give the city One Hundred and Twenty-five dollars to be released from any further liability for work on said cisterns, and on consideration of the number of said Council agreed to release the said John Sullivan from any further liability on account of said cisterns by his releasing the city from an indebtedness of Fifty dollars during the completion of said cisterns and also on his payment of an additional sum of Twenty-five dollars.

All of which is respectfully submitted.

W. H. Ashley
Chief of Fire Department
The following Ordinances were presented by Mr. Fort and read a first time:

Sec. 1. That it shall be unlawful for the licensed commission to have any previous notice of any work done under his control as such commissions, and it is to be done as soon as possible at any time or when any work is done, or at any time during the business of the day, in the city, or at the time of the business of the night, or at any other time.

Sec. 2. That being in emergency, the same are hereby referred to and the same shall be to take effect on and after the day of May 1872.

The motion of Mr. Bryant the City Clerk was seconded by respectfully request of the Insurance Company represented in this city, and to aid in the equipment of the new fire engine recently purchased for the city as will enable the council to at once organize a company for the protection of the property of the city.

The following petition was presented and laid on the table until the necessary meeting.

To the Mayor and Common Council of the City of Bradfordville:

The undersigned residents and property owners in said city respectfully petition your honor to grade and pave the streets of said Natesh Avenue lying between Water Street and the Corporation Line on the east.
