The committee on Fire Department reported the College Street East gate near full of rats.

The Mayor made the following report:

To the Common Council, of the City of Crawfordsville,

Gentlemen: I have the honor to submit the following report.

Thus collected for the month of February AM 1874, and send last report $ 37.00

Signed, John B. Coons, Mayor.

The Engineer made the following report:

Feb 23, 1874

I beg to report to your honorable body the completion of a survey to establish grades for side walks in compliance with your honorable body at the following places:

A side walk on both sides of Main St from J. A. to Dr. Alex. Bobcat, next to Mr. B. W. Also a sidewalk on Maclay's Avenue, both sides, from Main St west one hundred and fifty feet.

In compliance with your order issued on your last regular meeting I have made a preliminary examination of the Washington Street hill with a view to extending the cost of grading and building the same. The inequalities of the surface made it difficult known without more careful measurement to give an exact report, but an approximate estimate was obtained, probably satisfactory to the object of the survey.
Beginning about one hundred (100) feet south of south corner of ‘march street and taking here
point measurements to within seventy-five (75) feet of this mat mark, the distance is very nearly
one hundred (1000) feet and by taking accurate measurements every fifty (50) feet I find that a grade
of very little less than the (5) feet to fifty (50) feet obtained in the total distance; a grade that is per-
fittably accessible to travel. On this estimate an average width of thirty feet (30) has been allowed for
building which would require some little over two thousand five hundred (2,500) square yards of foot-
ways to cover the surface.

The amount of earth to be removed both in the cut and put would probably not reach
over an thousand (1,000) cubic yards, but to allow for future estimate, giving the banks on each side
a proper slope would put the estimate at from six to eight (6000 to 8000) thousand cubic yards.
The price was good for which each of the above can to me now I have little to the consideration of your
honorable body.

Respectfully Submitted.

L.C. Campbell, Esq.

On motion the report was laid on the table for two weeks.

John R. Brown Mayor

Letter Clerk

Monday Evening May 4th 1874

The Council met. Present Mayor Brown, Counsellor Hughes, Vanarsdale and Beeks.

There being no quorum the Council adjourned to meet Friday evening May 8th 1874 at 7 o'clock.

Letter Clerk

John R. Brown Mayor
Gentlemen,

Your committee on accounts have the honor to report that in the faithful performance of our duties for the past year, we made a careful examination of each account which has been referred to us, and made the necessary recommendations, which has been uniformly sustained by your honorable body. At present we have the satisfaction to report that there is not a single account before us.

Signed,

Michael Parry,

T. J. Rice,

A. F. Ramsey.

The committee on Fire Department make the following annual report:

Bathesda, May 8th, 1874

To the Mayor and Common Council of the City of Bethesda:

Your committee on Fire Department would respectfully beg leave to make the following report:

That you have two good hand engines and that they are in good working condition.

That you have about 1,000 feet of good rubber hose.

That you have two good fire hooks and two fire pikes. And have but one ladder.

Your committee most earnestly recommend that a suitable lot be bought near the south end of the city school lot, and a brick building erected thereon and one of the engines placed therein.

And that we further recommend that your honorable body order the Chief of the fire department to purchase five hundred feet of three-inch rubber hose of a good substantial quality and that you order made, three fire ladders of a length not less than twenty-five feet, with iron spars at the bottom and hooks at the top.

Your committee most earnestly recommend the average completion of the six fire engines you have on hand.

Signed,

B. Hughes.

W. S. Gren.

The Committee on Petitions and Orations reports back the petition of E. C. Scott and others asking the grading of Liberty Street in Hughes addition and recommends the granting of the petition.

The same Committee reports back the petition for extending the fire department and recommends that they be referred to the Committee on Fire Department.

The same Committee reports back the petition asking for the removal of the ashes in front of Exchange Block on main street and recommends that if any order be made that it be made general.

The Street Commissioner made the following report.

To the Common Council of the City of Bethesda:

Gentlemen, I beg leave to submit the following report:

On motion the report was received and the committee was discharged from the further consideration of the subject.

The Mayor made the following report:

To the Common Council of the City of Bransonville.

Gentlemen, I beg leave to submit the following report:

Since and Communication received since my last report, thirty-five dollars.

Oct 19th 1874

John P. Levens, Mayor.

The City Clerk made the following report:

To the Mayor and Common Council of the City of Bransonville:

I respectfully report to you that the report of the Commissioners to assess damages and benefits on Main Street in said City was filed in my office on the 9th day of October 1874 and is herewith transmitted.

Oct 19 1874

Bransonville Ind Oct 9th 1874

To the Common Council of the City of Bransonville.

The undersigned Commissioners of the City of Bransonville have elected and qualified to appraise damages and assess benefits accruing to the owners of lands and lots through which any street is proposed to be constructed or altered or any building thereon appropriated.

I would respectfully report that on the 30th day of September, 1874, a summons in pursuance of a notice to use directed by the said City, was served upon and examined the land and lots lying along and...
until Sunday Evening, October 26th 1874.

The Indian Commissioners made his regular bi-weekly report, and also, his report
of current expenses as follows:

Crawfordsville, Ind., Oct. 19th 1874.

To the Hon. mayor and common council:

I have examined and measured the three cisterns made by Mr. James Nolan. I find that they have not been made according to the specifications under which bids for the construction of said cisterns were received. Moreover, so far as I can see, the cisterns have been damaged and finished up in good workmanship order except that the arch on the one near Mr. Coward is quite flat. The three cisterns as built according to my calculation will hold (903.5 lbs) nine hundred and three and five tenths barrels of water.

City Engineer.

On motion of Mr. Ramsey a warrant was directed to be drawn in favor of James Nolan for seventy-four dollars and sixty-five cents being balance due him on his contract for three cisterns.

J. B. Johnson, Contractor presented the following:

Crawfordsville, Ind., Oct. 19th 1874.

Mr. B. Mc. Elroy & Charley McElroy Dr.

To J. B. Johnson for putting down a brick sidewalk in front of lot no. 1 of building lot, to the city of Crawfordsville, being in the south east corner of Washington and Jefferson 55' ft at 6'00 per ft.

I have examined and measured the work for which the above is a bill and find the work done according to contract and the account correct.

City Engineer.

On motion of Mr. Ramsey an assessment list was directed to be issued in favor of said J. B. Johnson for $47.26 amount of the above bill.
The motion of Mr. Ramsey, the City Marshal was directed to notify all contractors to proceed on Washington Street; that if the work is not begun before the next regular meeting of the Council, said contract will be annulled and said work set aside.

The motion of Mr. Vanandeal, the City Marshal was instructed to notify all contractors to proceed on Walnut Street, that if the said works are not commenced previous to the next regular meeting of the Council, said contracts will be annulled and said works set aside.

The motion, the City Engineer was directed to measure the gutter at the crossing of Walnut and Market Streets and report what length said gutter will require to be and that the probable cost of repairing said gutter will be.

The motion of Mr. Ramsey, the Street Commissioner was directed to put in two access pipes across one across Mabardas Avenue on the east side of Walnut and one on the west side of Washington Street across State Street.

Our motion, the Council adjourned.

Att'd:

John P. Coons Mayor

City Clerk.

Adjourned Meeting

Monday Evening Oct. 26th, 1874

The following was presented:

To the Mayor and Common Council of the City of Crawfordsville, Indiana,

The undersigned will respectfully submit for acceptance the following proposition: that he will donate fifteen feet, measuring from the line of his house on Washington Street, the entire length of his grounds fronting on said street, to the said city of Crawfordsville, for street purposes, provided it is upon the express condition that the said common council will permanently locate said street from College Street to Franklin Street, at the width of said donation would make, that said donation would make it, about 8½ feet wide, and proceed within a reasonable time to improve the same by having it graded and that he makes this proposition by the way of a compromise and avoiding any further trouble or litigation.

Oct. 26th, 1874

John W. Linnau

I am authorized by Mr. Linnau to make the same proposition in his behalf.

The motion of Mr. Vanandeal's proposition of John W. Linnau was accepted by the Council.

The motion of the report of the commissioners on Washington Street between College and Franklin Street was taken up and read.

The motion of Mr. Vanandeal's report was rejected.

The report of the Commissioners on Washington Street between Franklin Street and the South Corpoative line was taken up and read.

Mr. Price moved to accept the terms of said report. The ayes and nays being demanded those who voted aye on said motion were Commissioners Ramsey, Vanandeal and Price, Total 3. Those who voted nay were Commissioners Rutan, Beck and Incey, Total 3. And the motion was declared lost for want of a legal majority.
Monday Evening Nov. 2, 1874

The minutes of the preceding regular and adjourned meetings were read and on motion, adopted.
