

The page features a decorative border with a repeating scalloped pattern. A large, stylized letter 'H' is formed by a chain-link pattern, serving as a background for the title. The word 'RECORD' is printed in a bold, serif font across a diagonal band.

RECORD

PARCEL POST OR FOURTH-CLASS MAIL.

RATES OF POSTAGE, CLASSIFICATION, INSURANCE AND C. O. D. FEATURES, WRAPPING, ETC.

Fourth-class Matter Embraces that known as domestic parcel post mail, and includes merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions, and plants, books (including catalogs), miscellaneous printed matter weighing more than 4 pounds, and all other mailable matter not embraced in the first, second, and third classes.

Extent and Usefulness of Parcel Post.—The domestic parcel post offers a convenient, quick, and efficient means of transporting mailable parcels to any post office in the United States or its possessions. The service reaches more places than any other transportation agency. It brings producers and consumers into closer contact, thus opening the way to reducing the high cost of living. Special treatment and advantages are accorded to shipments of farm products weighing between 20 and 50 pounds. Low postage rates, based on the service rendered, are provided. The rates to nearby zones are particularly advantageous. Parcels may be insured against loss and may be sent C. O. D., and as special-delivery matter.

Rates of Postage on Fourth-class or Parcel Post Matter—To be Fully Prepaid—Unsealed—are as follows:

(a) Parcels weighing 4 ounces or less, except books, seeds, plants, etc., 1 cent for each ounce or fraction thereof, any distance.

(b) Parcels weighing 8 ounces or less containing books, seeds, cuttings, bulbs, roots, scions, and plants, 1 cent for each 2 ounces or fraction thereof, regardless of distance.

(c) Parcels weighing more than 8 ounces containing books, seeds, plants, etc., parcels of miscellaneous printed matter weighing more than 4 pounds, and all other parcels of fourth-class matter weighing more than 4 ounces are chargeable, according to distance or zone, at the pound rates shown in the following table, a fraction of a pound being considered a full pound:

Weight in pounds.	Local.	Zones.							
		1st Up to 50 miles.	2d 50 to 100 miles.	3d 100 to 200 miles.	4th 200 to 300 miles.	5th 300 to 1,000 miles.	6th 1,000 to 1,400 miles.	7th 1,400 to 1,800 miles.	8th Over 1,800 miles.

Zones—Parcel Post Guide and Maps.—For parcel post purposes the United States is divided into units of area thirty minutes square. Such units form the basis of the eight postal zones. To ascertain in which zone a post office is located from the office of mailing, a parcel post guide, costing 55 cents, and map, costing 20 cents, are jointly used. The guide applies to all offices, but a separate map is required for each unit. A zone key is furnished with the guide for use in the units of area in which some of the largest post offices are located, and makes the map for those units unnecessary. The guide and maps may be purchased by sending a money order to the Third Assistant Postmaster General, Washington, D. C. Stamps are not accepted.

The local rate applies to parcels mailed under the following conditions:

(1) At any post office for local delivery at such office.

(2) At any city letter carrier office, or at any point within its delivery limits, for delivery by carriers from that office.

(3) At any post office from which a rural route starts, for delivery on such route, or when mailed at any point on a rural route for delivery at any other point thereon, or at the office from which the route starts, or for delivery on any other rural route starting from the same office.

Alaska, Hawaiian and Philippine Islands, etc.—The eighth zone rate of 12 cents for each pound or fraction thereof on all parcels weighing more than 4 ounces (except books, seeds, cuttings, bulbs, roots, scions, and plants, weighing 8 ounces or less) applies (1) between the United States and the Hawaiian Islands; (2) between the United States and its postal agency at Shanghai, China; (3) between any two points in Alaska and between any point in Alaska and any other point in the United States; (4) between the United States and the Canal Zone; (5) between the United States and the Philippine Islands; (6) to, from, or between Guam, Tutuila, and Manua and other islands of the Samoan group east of longitude 171° west of Greenwich, and the United States and its other possessions; (7) between the United States and its naval vessels stationed in foreign waters.

Canada, Cuba, Mexico, and Republic of Panama.—The rate of 12 cents for each pound or fraction thereof also applies to fourth-class matter, including seeds, cuttings, bulbs, roots, scions, and plants (but excepting books and other printed matter on which the rate is 1 cent for each two ounces or fraction thereof in all cases), weighing more than 4 ounces and not exceeding 4 pounds 6 ounces when mailed to Canada, Mexico, Cuba, and the Republic of Panama. (Parcels weighing up to 11 pounds may be sent to Mexico and the Republic of Panama as foreign parcel post mail under the parcel post conventions with those countries.)

The Special-Delivery Fee is 10 cents in addition to the regular postage.

The Limit of Weight of fourth-class matter is 50 pounds for parcels mailed for delivery within the first and second zones, and 20 pounds for all other zones.

Limit of Size.—Parcel post matter may not exceed 72 inches in length and girth combined. In measuring a parcel the greatest distance in a straight line between the ends (but not around the parcel) is taken as its length, while the distance around the parcel at its thickest part is taken as its girth. For example, a parcel 35 inches long, 10 inches wide, and 5 inches high measures 65 inches in length and girth combined.

Name and Address of Sender.—A parcel of fourth-class matter may not be accepted for mailing unless it bears the name and address of the sender, which should be preceded by the word "From."

Additions to Fourth-class Mail.—There may be placed on fourth-class matter, or on the wrapper or cover, tag or label, any marks, numbers, names, or letters for purpose of description. There may be written on the blank leaves or cover of any book a simple manuscript dedication or inscription not in the nature of personal correspondence. Space sufficient for a legible address, postmark, the necessary postage stamps, and any words necessary for forwarding or return, must be on the address side of parcels.

Inclosures.—There may be inclosed with fourth-class matter a written or printed invoice showing the name and address of the sender and of the addressee; the names and quantities of articles inclosed, together with inscriptions indicating, "for purpose of description," the price, style, stock number, size, and quality of the articles; the order or file number, date of order, and date and manner of shipment; and the initials or name of the salesman, or of the person by whom the articles were packed or checked.

Inscriptions, such as "Merry Christmas," "With best wishes," "Do not open until Christmas," or words to that effect, may be written on fourth-class mail, or on a card inclosed therewith.

Communications Attached to Parcels.—When it is desired to send a communication with a parcel on which postage at the fourth-class rate has been fully prepaid, the communication may be placed in an envelope fully prepaid at the first-class rate and addressed to correspond with the address on the parcel and then be tied to or otherwise securely attached to the outside of the parcel in such manner as to prevent its separation therefrom and not to interfere with the address on the parcel. The stamps to cover the postage on the parcel must be affixed to the wrapper of the parcel, and those to pay the postage on the communication must be affixed to the envelope of the communication. Parcels to which such communications are attached are treated as fourth-class matter. Only one special-delivery fee is required on such parcels sent as special-delivery matter.

Public Library Books, otherwise mailable as parcel post matter, may bear any printed or written mark constituting a necessary inscription for the purpose of a permanent library record.

Proprietary Articles of Merchandise, such as harmless medicinal preparations, soaps, tobacco, food products, etc., set up in fixed quantities, in original sealed packages, by the manufacturer so as to allow examination of the packages in their simplest mercantile form and labeled in printing so as to show the nature of contents, quantity, and name of the manufacturer, are mailable at the fourth-class rates of postage. If such sealed packages are inclosed in an outer wrapper, the latter must not be sealed.

Meats and Meat-Food Products.—Before meat or meat-food products of cattle, sheep, swine, or goats may be accepted for mailing from one State or Territory to another State or Territory, the certificate of inspection or exemption required by section 477, Postal Laws and Regulations, must be filed with the postmaster. Such certificate must be prepared and furnished by the sender.

Game.—The dead bodies of any wild animals or birds, or parts thereof, including furs, skins, plumage, etc., lawfully killed and offered for shipment, may be accepted for mailing only when the parcels are plainly marked to show the actual nature of the contents and the name and address of the sender. The dead bodies, or parts thereof, of any wild animals or birds which have been killed or offered for shipment in violation of the laws of a State, Territory, or District, are unmailable, persons sending such articles and the addressees knowingly receiving them in violation of the law being liable to a fine of not more than \$200.

Nursery Stock, including all field-grown florists' stock, trees, shrubs, vines, cuttings, grafts, scions, buds, fruit pits, and other seeds of fruit and ornamental trees or shrubs, and other plants and plant products for propagation, except field, vegetable, and flower seeds, bedding plants, and other herbaceous plants, bulbs, and roots, may be admitted to the mail only when accompanied with a certificate from a State or Government inspector to the effect that the nursery from which such nursery stock is shipped has been inspected within a year and found free from injurious insects, and the parcel containing such nursery stock is plainly marked to show the nature of the contents and the name and address of the sender.

Place of Mailing.—Parcels of books, seeds, and plants, weighing more than 8 ounces, and parcels of other matter weighing more than 4 ounces must be mailed at a post office, branch post office, named, numbered, or lettered station, or delivered to a rural or other carrier duly authorized to receive such matter. Smaller parcels may be deposited in letter or package boxes.

INSURANCE OF FOURTH-CLASS MAIL.

Fees and Conditions.—Fourth-class or domestic parcel post mail (*but no other*) may be insured against loss upon payment of a fee of 5 cents for value not exceeding \$25, or 10 cents for value not exceeding \$50, in addition to the postage, both to be prepaid with stamps affixed. It may not be registered.

Such mail may be insured at any post office or station thereof, or by rural carriers. The sender must fill out an insurance tag, which will be furnished him on request, to be attached to the parcel.

Return Receipts for Insured Parcels may be obtained by indorsing the parcels "Return receipt desired."

Indemnity for Lost Insured Parcels is paid for the actual value within the limit of insurance. No indemnity is payable on account of mere partial damage. However, when an article is so damaged as to render it wholly worthless, it is regarded as lost, provided it was packed and indorsed in accordance with the postal requirements. No indemnity is paid for labor, workmanship, etc., in repairing partial damage.

COLLECT-ON-DELIVERY SERVICE.

Conditions and Fee.—Parcels of fourth-class or parcel post matter may be sent "C. O. D." from one money-order post office to another on payment of a fee of 10 cents in addition to the postage, both to be prepaid with stamps affixed. The amount to be collected and remitted to the sender must not exceed \$100. The remittance is made by post-office money order, the fee therefor being included in the amount collected from the addressee. A "C. O. D." tag furnished by the postmaster must be filled in by the sender and attached to the parcel. The "C. O. D." fee also covers insurance against loss up to \$50 actual value.

A Receipt is given to the sender of a "C. O. D." parcel at the time of mailing, but no return receipt is furnished, as the remittance shows that delivery has been made.

Examination of Contents of a "C. O. D." Parcel is not permitted until it has been receipted for and all charges paid.

Indemnity for Lost "C. O. D." Parcels is paid for the actual value not to exceed \$50, under the conditions governing the payment of indemnity for lost insured parcels.

PREPARATION AND WRAPPING OF MAIL MATTER.

Examination.—Fourth-class or parcel post matter must be so wrapped or enveloped that the contents may be examined easily by postal officials. When not so wrapped, or when bearing or containing writing not authorized by law, the matter will be treated as of the first class.

Nailed Boxes.—Parcel post mail may be inclosed in boxes to which the lids are nailed or screwed, provided the lids can be readily removed with a chisel or screw driver for examination of contents.

Wrapping.—All matter should be securely wrapped so as to bear transmission without breaking, or injuring mail bags, their contents, or the persons handling them. Many articles are damaged in the mails for the reason that they are not properly wrapped to withstand the necessary handling.

Parcels weighing 20 pounds or under are generally carried inside mail bags with other mail; those weighing over 20 pounds are usually carried outside mail bags. They should be wrapped with that understanding.

Parcels improperly or insufficiently wrapped will not be accepted for transmission in the mails.

Umbrellas, cases, golf sticks, and similar articles must be reinforced by strips of wood or otherwise sufficiently wrapped to withstand handling and transportation.

Hats must be packed in strong boxes; if in ordinary pasteboard hat boxes, they must be properly crated.

Cut flowers, candies, etc., should be inclosed in strong and suitable boxes.

Stone castings and pieces of machinery should be protected with excelsior or similar material and wrapped in cloth or strong paper or be properly boxed or crated.

Mailable hides and pelts must be thoroughly wrapped to prevent the escape of grease.

Harmful articles not absolutely excluded from the mails, but which, from their form or nature, might, unless properly secured, destroy, deface, or otherwise damage the contents of the mail bag, or harm the person of anyone engaged in the postal service, may be transmitted in the mails only when packed in accordance with the postal regulations.

Sharp-pointed or sharp-edged instruments or tools must have their points and edges protected so that they can not cut through their covering, and be thoroughly wrapped.

Powders and all pulverized dry substances must be so wrapped that none of the contents of the package will sift out.

Pastes, salves, etc., not easily liquefiable must be inclosed in water-tight containers and placed in strong boxes and securely wrapped.

Liquids.—Admissible liquids in packages not exceeding the limit of weight of fourth-class matter will be accepted for mailing when intended for delivery at the office of mailing or on a rural route starting therefrom when inclosed in a glass or metal container securely inclosed and heavily wrapped, provided it is not necessary to transport them over steam or electric railways.

Admissible liquids and oils, pastes, salves, or other articles easily liquefiable, will be accepted for mailing, regardless of distance, when they conform to the following conditions:

(a) *When in strong glass bottles holding 4 ounces or less,* the total quantity sent in one parcel shall not exceed 24 ounces, liquid measure. Each bottle shall be wrapped in paper or other absorbent substance and then all placed in a box made of cardboard or other suitable material and packed in a container made of double-faced corrugated pasteboard of good quality. The corners of the container must fit tightly and be reinforced with tape so as to prevent the escape of any liquid if the contents should be broken, and the whole parcel shall be securely wrapped with strong paper and tied with twine. Single bottles of liquid holding 4 ounces or less may also be packed as prescribed in the following paragraphs (b) and (c):

Kings Daughters Meeting.

The K. D. class of the M. E. S. S. were entertained by Misses Elara Moore and Florence Drwin Saturday October 14, 1917 at the home of Mrs Lida Fletcher.
